OWENS HAS BILL AIMED AT UNIONS

Measure Would Prevent Organizations From Limiting the Number of Apprentices.

Senator Owens, whom very little has been heard of during the present session of the State Legislature, now comes forth with a bill aimed at the labor unions.

His bill would prevent any organization from limiting the number of apprentices in any craft. In the wording of the proposed law, "No person or association of persons shall prevent or attempt to prevent any individual from learning or becoming an apprentice for the purpose of learning any trade, or restrict the number of individuals who may become apprentices."

It is practically certain that the bill has no chance of passing, or even being introduced, as Owens will have to obtain the consent of three-fourths of the Senate before the bill may be introduced.

1915 SESSION OF NATIVES TO BREAK RECORDS

The Native Sons of the Golden West who are elected delegates to the 38th annual session of the Grand Parlor of the order, or as it is commonly designated the "1915 session," which will be opened in Native Sons' building, S. F., Monday, April 19, will be entertained during their stay in the Exposition City as they have never before been entertained since the order was instituted.

The San Francisco extension committee, composed of delegates from each of the thirty parlors in the metropolis of the state, of which Jesse C. Allen is chairman and Harry I. Muicrevy chairman of the executive committee, has set aside $10,000 to be used in carrying out the program for Grand Parlor week. In carrying out the details, the extension committee and its various sub-committees will be assisted by the Native Daughters of the Golden West. These have agreed to look after and make it pleasant for the wives, daughters or other women relatives of the delegates while these are engaged in legislating for the good of the order. They will look to their pleasure at a matinee performance in one of the leading theaters, carrying out the Eastern idea of showing them all the great department stores and dry goods establishments and be with them at functions on the Exposition grounds.

The following is the program for the week:

Monday, April 19—Opening of the Grand Parlor at 10 o'clock a. m. for an all-day session. In the evening there will be an informal public reception, a dansante and a buffet supper in Native Sons Hall.

Tuesday—Grand Parlor session all day. During the afternoon there will be a theater party for the women accompanying the delegates. This will be under the auspices of a joint committee of the Sons and Daughters.

During Grand Parlor week a committee of the Native Sons will keep open house and a bureau of registration and information in Native Sons' Hall.

As the celebration of Admission Day is to be held in San Francisco this year, the extension committee has decided that after a street parade by the Natives, Sons and Daughters, with emblematic floats and others, showing the progress of the state, the official celebration shall be held within the Exposition. A feature will be a grand ball in the California building.

WILL APPEAL TENTH ST. CASE

C. J. Gheraty Not Satisfied With Superior Court Ruling.

Believing that the award of $1000 for a strip of land 12½ feet wide by 100 feet long, located on Tenth street in this city, made by Superior Judge McKenzie when the condemnation suits in the widening of Tenth street were tried, is not enough, C. J. Gheraty, owner of the land, will appeal to the Supreme Court. Attorney Hall of San Francisco, who represented Gheraty at the court proceedings which were brought to a close in Martinez, stated to City Attorney Hall yesterday that he was at work preparing the appeal for his client in an endeavor to have the amount increased.

Chris J. Fieg, who also owns land on Tenth street condemned for widening purposes was awarded damages of $750 by McKenzie.

The figures in each case are higher by $200 than the sums offered by the commissioners, J. O. Ford, H. W. Mergenthal and J. P. Brooks.

Roma Dulath, a Hindu property owner on Tenth street, was given $600 damages. He was represented by J. A. Wildgrube.

The case of Hustin, who has also complained about the smallness of the amount allowed him, has been postponed ten days on account of the illness of Attorney C. A. Clark, who was representing him. It is believed that it will be settled out of court.

REV. PETERSON MAY CONDUCT SERVICES IN SANTA ROSA SUNDAY

Rev. Dr. W. S. Mathews, pastor of the First Methodist church in Santa Rosa, has asked Rev. P. E. Peterson, pastor of the First Methodist church of this city, to assist him in conducting special services in the Sonoma county seat next week. Although Rev. Peterson has not definitely made up his mind, it is probable he will accept Dr. Mathews' invitation.

TESTIMONY IS DAMAGING TO JOS. FONSECO

Declares Fonseco Participated in Fist Fight That Preceded Concord Shooting.

The prosecution in the Fonseco murder trial at Martinez yesterday scored when Frank Feirra took the stand. Feirra was with Leandro, who was shot and killed by Fonseco, when the shooting took place. Feirra said Fonseco accosted Leandro and accused him of insulting him. Leandro denied the charge. Feirra said Fonseco struck Leandro in the face and knocked him down. He got up and in the scuffle pulled a revolver and shot Fonseco in the leg. Joaquin Pacheco, who witnessed the shooting, attempted to take Fonseco's revolver away from him and failed. Leandro ran and was shot in the back by Fonseco, according to Feirra.

CONGREGATIONAL WOMEN TO GIVE DINNER THURS.

Announcement has been made that the Ladies' Aid Society of the First Congregational church will give a chicken dinner at Barnaman Hall on Nineteenth street next Thursday night from 5 to 8 o'clock. A musical program will be rendered during the evening.

ANTI-PICKETING LAW UP BEFORE BUILDING TRADES

EXECUTIVE COMMITTEE TO MEET TONIGHT TO TRANSACT IMPORTANT MATTERS

The proposed anti-picketing ordinance to come up for passage at the Monday meeting of the Martinez board of trustees was reported on at the meeting of the Building Trades Council last night.

While labor officials refused to make anything public, it is said that a plan of action has been adopted to head off the law. It is said that the heads of the State Building Trades Council have been advised.

B. T. CONVENTION.

All delegates were reminded that the State Building Trades convention is to be held in San Francisco starting Monday morning, February 15.

The executive board of the council will meet this evening to take up important matters.

LEAGUE COMMITTEE.

STUDENTS FROM AUSTRALIA TO VISIT HERE

Arthur R. Coyne, secretary of the Australian Student Tourists' Association, 35 members of which are now touring this country, was in Richmond yesterday making arrangements for the appearance of the subjects of King George here on March 24 and 25. On both nights the tourists, who have a first class band, will give their entertainment in the auditorium of the Lincoln grammar school. It will be staged under the auspices of Richmond High school.

Those who have been present at the concerts of the Australian boys commend their entertainment very highly. All of the students are experienced musicians.

The Australians helped dedicate the Australian building at the Exposition on Tuesday. They were given a big welcome by the large crowd in attendance.

During the two-day stay of the 35 young men in this city they plan to visit all the points of interest, including the Pullman shops, the Standard Oil Company's big refinery and Winehaven. Between now and the time that the talented young musicians make their appearance here, arrangements will be made to show them around in autos.

EVERYTHING READY FOR OPEN HOUSE AT CLUB

Mrs. Walter G. Braine, who is in charge of the general arrangements for the big open house the Richmond Club will hold for the public of Richmond at the club house next Tuesday, last night named the committees that are to assist in entertaining. The receiving committee, which is composed of women who are all members of the building committee, follows: Mrs. Zimmerman, Mrs. Katherine Smith, Mrs. C. S. Gibson, Mrs. Fred C. Schram, Mrs. C. Arn, Mrs. C. B. Evans, Mrs. W. Faber and Mrs. W. W. Felch.

The committee that will arrange the decorations in the handsome new clubhouse is composed of Mrs. Gibb, Mrs. Staley, Mrs. Narbett, Mrs. Stout and Mrs. Huston. Those on the refreshment committee are Mrs. Conwell, Miss Dohrman and Mrs. Cartobus. Mrs. Braine will act with all three committees.

The club women want the public to understand that everyone in Richmond—men, women and children—are invited to attend the festivities in the new clubhouse. The women want everybody to see their new quarters, and the invitation to attend is general. Only a few invitations have been sent out to those who helped directly in the completion of the clubhouse.

Mrs. Braine said last night that a program would be rendered both afternoon and evening. Between the hours of 8 and 9 o'clock the Richmond Concert Band will render several selections. Refreshments will be served.

Make Arrest

Charged with soliciting patronage for San Francisco hotels, W. E. McFall was arrested on a Santa Fe ferry last night at 10 o'clock by Special Officer Payne.

Payne brought the man to the local station. He will be arraigned at 2 o'clock this afternoon before Judge Lindsay.

HIGH SCHOOL TAX WOULD BE RAISED BY BILL

Measure Introduced By Senator Anderson; Would Make County Pay.

If a bill now before the Legislature is passed, Richmond's high school tax will be increased from 11 cents to 14 cents.

The bill is introduced by Senator Anderson of Orange county and is known as Senate Bill No. 452. It provides first for a universal county tax and secondly for a special district tax.

This would make the entire county, whether or not a school is located in its district, bear part of the burden. If it goes into effect the uniform county rate for Contra Costa would be 8c on the $100. In comparison with present ratings it would produce the results of reducing and increasing as follows:

In Martinez it would reduce the rate 14c on the $100, which is paid for the maintenance of the Alhambra Union high. The district rate would then be 26c; the county 8c and the total 33c instead of the 47c which ruled for the last year.

In Crockett the taxpayers would find a difference of 10c on the $100. The total rate would be 26c instead of 36c to be divided, 18c for the district tax and 8c for the county.

Brentwood would find that to sustain the Liberty Union high she would be paying 1c less. The rate would be 19c instead of 20c, as at present. This would be 11c for district tax and 8c for county.

There would be an increase of 1c at Concord for the Mt. Diablo High. The rate being 21c instead of 20c as now. Thirteen cents for district tax and the regular 8c county.

Richmond would suffer the largest increase, as her tax would go to 14c instead of remaining at 11c. This would be 3c more. The district tax would be 6c, however, and the county tax 8c.

The Riverview Union High at Antioch would find that the district would have to pay 10c less for maintenance. It now pays 30c and would of course be cut down to 20c, 12c for the district and 8c for county.

The San Ramon high at Danville would cost that district 2c less, making the total tax 22c instead of 24c. Fourteen of this would be the district tax.

LEAGUE LOOKS INTO NICOTINE QUESTION HERE

Committees of Good Government Organization Are Active.

Committees have been appointed by the Good Government League and are now making a thorough investigation of conditions in Richmond. Just what work the committees are taking upon themselves, and what their investigations have so far revealed, members of the newly organized body refuse to state.

It was stated yesterday by one of the members of the league that a determined war will be waged against all local tobacco dealers who do not comply with the law that prohibits the selling of tobaccos to minors under the age of 18 years. It is the contention of the members of the Good Government League that there is a law that compels all tobacco sellers to keep a copy of the statutes regarding minors in their establishments, that is not observed here. Notices have been sent to the tobacconists warning them to comply with this law. Conviction because of a violation of the statute is a misdemeanor and punishable by a fine of $5 for the first offense. Any dealer convicted the second time will be fined a minimum of $20.

The Good Government League is still growing. Its personnel is composed of men and women.

HOLDS FORT: SPOUSE IRATE

Stating that her husband, J. H. Bedbury, a Standard Oil pipe-fitter, who resides at 757 Fourth street, does not need to advertise that he will not be responsible for any debts contracted by her in the future, because she does not intend to contract any, Mrs. Bedbury last night cited instances of alleged mistreatment at her spouse's hands.

Mrs. Bedbury says Bedbury once threw a pail of cold water on her while in a rage.

She states she does not intend to leave the family home at 757 Fourth street. She declares she is planning on the starting of a branch bakery to support herself and five children.

"It won't do Mr. Bedbury any good to try to leave," said Mrs. Bedbury. "I don't care whether he supports me or not. I am able to take care of myself. But he must support our five minor children. If he goes to China I will send detectives after him to bring him back. I am not going to allow him to shirk his responsibilities. He can't get a divorce from me, after living with me for thirty years, because he has no grounds. As for myself, I don't want a divorce. But I will get my share of the community property."

FALLS 25 FEET FROM FILTER

While engaged at work on one of the large filters at the Standard Oil refinery yesterday morning, Patrick Cullen, residing at the corner of Washington and Standard avenues, missed his footing and fell a distance of 25 feet to the ground.

Immediately after the accident, Cullen was removed to the Abbott Emergency hospital, where he was given medical attention. It was at first thought that his spine had been injured, but a close examination brought out that he was suffering from contusion of the back. He was resting easily at a late hour last night, and it is probable he will be removed to his home today.

KENNETH JOHNSON SAID TO BE LOSING MIND

Word received in Richmond from San Quentin prison is to the effect that Kenneth Johnson, local youth, who is serving a five-year sentence for an attack on Della Fox, has been affected mentally. It is feared he is losing his mind. Johnson has been in poor health for several months. Part of his right ear has been eaten away by a cancer.

Mrs. Johnson, mother of the boy, visited her son in the prison early in the week. Rev. P. E. Peterson, pastor of the First Methodist church, is one of those who are working to get the youth liberated on parole.

PLAN UNION SERVICES OF CHURCHES

Ministerial Union to Meet This Morning to Discuss the Preparations.

At a meeting of the Ministerial Union of Richmond, at which all Protestant pastors of this city will be present, to be held in the First Baptist church on the west side at 10 o'clock this morning, plans for the holding of union services in which all the Protestant churches will take part, will be broached. Rev. Peterson, secretary of the union, said yesterday that the union meeting movement has been crystallizing for some time. It is thought that the meetings will do much to revive interest in religious affairs in Richmond. At the meeting of the pastors today the matter will be threshed out.

It is also expected that local civic conditions will come up for consideration at today's gathering of the divines.

Rev. S. K. Skinner is president of the Ministerial Union.

Frank Boswell as elected alternate. Charles F. Donnelly was elected to the high position of dictator; Daniel Mulcahy, vice dictator; Joseph Gardella, prolate; treasurer, Charles G. Yonce; trustee, R. H. Curry; inner guard, A. J. Pendleton; outer guard, W. W. Scott.

The terms of H. O. Watson, secretary, and Louis Keyser and Theodore Iverson, trustees, do not expire at this time. Sargeant-at-arms and assistant sargeant-at-arms will be appointed by the new dictator.

COMMITTEE APPOINTED.

Mrs. C. Washburn, Mrs. F. B. Kelly and Mrs. Preston Rosier compose a committee from Royal Neighbor Lodge to arrange for a celebration on the evening of St. Patrick's Day, March 17.

WILLIS IS COY: MAY RUN AGAIN

Councilman Joe Willis, who will be one of the retiring members of the council this spring, is undecided as to whether he will come out for re-election. Willis stated last night that he expects to arrive at a decision in a few days.

He declared that he is not particularly anxious to run, inasmuch as there is no monetary consideration connected with the job.

"I haven't made up my mind yet, but I will announce my stand in a few days," said Willis.

REPORT ON PRINTING READY

Report to Be Divided Into Two Parts; Bills Total $28,000; Overcharge $8000.

The report on the findings of the Finance Committee in the investigation into the money stolen by Hull and Milnes of the Record-Herald from the city through the printing contract, will be segregated into two parts.

One portion of the report will have to do with the printing, bills for which were passed by the council. These bills total about $14,000.

The other part will have to do with the advertising of street work, bills for which were not passed upon by the council. These bills total the same as the others.

The total amount of the overcharges is close to $8000.

The Finance Committee, with the filing of the report, will have finished its work on the printing scandal.

Action will then be up to the city council. Just what action will be taken against Hull and Milnes to force the return of the $8000 is not known.

EMMA SANTINI, EIGHT, IS DEAD

Emma Santini, 8-year-old daughter of Mr. and Mrs. Ralph Santini of 100 Standard avenue, died yesterday shortly after noon following a long illness. Death was due to inflammatory rheumatism. The deceased was a native of Richmond, and had lived here all her life. Beside her grief-stricken relatives, she leaves a score of playmates to mourn her loss.

The funeral will be held Saturday afternoon from the Catholic church on the west side, with Rev. Father Sullivan officiating. The remains will be interred in Sunset View cemetery. Bert Curry is in charge of the funeral services.

CIVIC LEAGUE MEETS TODAY

This afternoon the members of the Civic League will hold a meeting at the home of Mrs. J. W. Glover at 330 Nevin avenue. Members of the organization have been sent notices to make their appearance at 2 o'clock, as the session is to start at that time. Several reports will be rendered this afternoon and a number of matters pertaining to the municipality will be brought up.

Members last night denied that politics is to be one of the topics of discussion. Some of the members of the league think it proper that the league take a neutral stand in regard to the endorsement of any candidates for the council.

Mrs. Glover plans to serve refreshments following the business session.

RITCHIE HELD WELSH TO DRAW

Willie Ritchie, former world's lightweight champion, who lost his title to the Englishman, Freddie Welsh, last June, surprised the wiseacres of the ring in New York last night by holding Welsh to a draw in their ten-round bout. Ritchie was the aggressor throughout and only Welsh's clever footwork saved him from terrible punishment at the hands of the San Francisco lad on several occasions.

Associated Press dispatches credit Ritchie with a draw. A number of special correspondents give Ritchie the shade.

One of the largest crowds to ever witness a boxing match in New York greeted the two lightweights when they clambered through the ropes after the preliminaries had been disposed of. Both were cheered to the echo.

Ritchie bore out the statement that he made prior to the mill that he would make Welsh fight. From the first round until the gong rang in the tenth he continued to bore in. Welsh displayed all of his old-time cleverness, and reports from Gotham are to the effect that he needed it badly.

Hardly was the fight over before Western promoters were trying to match Ritchie and Welsh for a 20-round bout on July 4.

Ritchie stated he plans to rest for several weeks.

90 PER CENT OF THE PEOPLE AND THE CITY HALL.

Do you approve of the Wall City Hall site?

Do you know that it will be a very simple matter to prevent the City Hall from being put on that site, a long distance from street car lines and the center of population?

Do you know that there is no necessity of sitting by and letting your city officials and George S. Wall get away with it?

Do you know that the city is bound in no way to occupy Wall's cheap structure, miscalled the New City Hall?

Do you know that all you have to do is to place councilmen in the city council that approve of holding an election to determine the City Hall site by a vote of the people, to solve the whole question once and for all?

Well, it's all true.

If you sit back and let Wall get away with it while Richmond becomes the laughing stock of the state, then the City Hall will really be placed on Wall's site.

If the whole frame-up makes you angry enough to actively oppose it, then you'll have Wall where you want him.

Nobody denies that 90 per cent of the people of Richmond oppose placing their City Hall on the Harbor Center Land Company site.

An election is coming very soon. Vote for men who THINK YOU HAVE BRAINS ENOUGH TO SELECT THE LOCATION OF YOUR PUBLIC BUILDINGS.

CREDIT WHERE IT IS DUE.

The Coast Seamen's Journal gives three men chief credit for the new Seamen's Law. They are Senator La Follette, President Wilson and Andrew Furuseth. The following congratulatory message from La Follette was read at a recent meeting in San Francisco in honor of the Thirtieth Anniversary of the Sailors' Union of the Pacific:

> As you meet to celebrate the thirtieth anniversary of your organization, I rejoice that in the Providence of God I am permitted at last to hail you as free men under the Constitution of our country. The 4th of March, 1915, is your emancipation day. The Act approved by President Wilson makes America sacred soil and the Thirteenth Amendment finally becomes a covenant of refuge for the seamen of the world. In the years to come, as you commemorate this great event, you should dedicate a part of the service to the memory of Andrew Furuseth. Except for his intelligent, courageous and unswerving devotion to your cause for twenty-one years you would be bondsmen instead of free men today.
>
> ROBERT M. LA FOLLETTE.

A FLUKE.

Senator Owens has a bill that would prevent the labor unions from limiting the number of apprentices in the various crafts.

Owens, or the men who drafted that bill and directed him to attempt to introduce it into the Senate, meant undoubtedly to strike at the labor movement.

At present trades unions limit the number of apprentices. They are forced to. A large part of the journeymen are unemployed. There doesn't seem to be enough work to go around. To put no limitation on the number of boys who wish to learn the trades seems to merely divide the work up amongst more workers.

Of course there is enough work to go around. Of course, it isn't fair to the boys who are prevented from learning trades. The unions know that and they are trying to work out the problem.

Owens in blindly hitting at the unions, might do them some good. If his fantastic law should go into effect, which it won't, organized labor will have to adjust itself to new conditions.

Crafts, separated by a hairline of jurisdiction, and each organized into a separate union, would probably be forced to amalgamate. The substitution of industrial organization for craft organization would probably be hastened.

The Double-Crosser's bill might not do as much harm as he thinks.

In the coming election voters, by a little inquiry, may discover those rascals whom we are not permitted to shoot, and who use their influence for a consideration. If a man fails to tickle their palms, especially a working man, his place will be given to one who will.

The jury also investigated the circumstances surrounding the death of the unknown man, who was killed by a train at Port Costa a few days ago. It is believed from the testimony of the train crew that suicide will be the result of the findings.

ORGANIZED LABOR

WAGES HIGHER, HOURS LESS, IS U. S. REPORT

WASHINGTON, March 11.—Inquiry by the Department of Labor into the wages and hours of labor employes engaged in the building and repairing of steam railroad cars in the United States shows that while their full time weekly earnings were 5.6 per cent higher in 1914 than in 1912, full time weekly working hours were 0.7 per cent lower.

The department figures are based on data obtained from 73 representative establishments and cover more than 42,000 employes. Fifty-six hours per week was the average time put in by those engaged in the industry.

"THE COUNTRY BOY," RICHMOND

With Marshal Nielen in the leading part, "The Country Boy" will be seen at the Richmond today and tomorrow, bringing back scenes of childhood to hundreds of people whose early experience has been among the fields and hills of the country farm. It is a real American play, full of the hearty spirit of the backwoods and with that droll humor which is characteristic of the American farmer. This play certainly is a great change from the problem plays which predominate the world of photo drama.

For a laugh producer "Hushing the Scandal," a screaming Keystone comedy, will be seen on today and tomorrow's screens, and with it a one reel drama, "Billy's Medal." There are many interesting features in the entire bill and it should be a drawing attraction for both days.

Her numerous duties as station agent are taking all her time and she feels that she must give up her extra duties, so her friends say. Mrs. Edna Woods has already filed her application and Mrs. Mary Smith is also going to do so.

The examiner is Eugene Hunt, civil service man.

NEVADA LEGISLATURE DISREGARDS LABOR IN INSURANCE AMENDMENT

CARSON CITY, Nev., March 11.—After a hard fight in the Senate, the amendments to the industrial insurance act were adopted with the elimination of some of the features asked by the labor interests. The state's liability in case of death remains at $5000 instead of being increased to $10,000 and the maximum number of payments was cut down from the proposed figure of 200 to 150. The waiting period was fixed at seven days instead of at two days, as the labor interests desired. It now is two weeks.

ELKS HAVE GOOD CHANCE

Who is going to win the battle between the Elks and Oaks Sunday?

This is the question that local fans are asking each other this week. It is a serious question, and overshadows the war, the Exposition and the cost of high living.

A sport writer is supposed to be neutral. This one is, yet he does not hesitate to say that the Elks have a first class chance with the Christians.

Charley Burns has been against the Oakland gang before. And if you are an ardent fan, and remember such complex things as box scores and pitching records, you realize htat the way Charlie Burns made those Oaks eat out of his mitt that spring was a spectacle that Oakland fans have tried to forget.

Luce will start Burns against the Coast Leaguers. If Burns happens to be a bit out of form Sunday, Luce has two good pitchers to fall back on in Frank Gordon and "Wiz" Melkle. The Christians will have to have an awful batting streak to get by these pitchers to ultimate victory.

Again we reiterate, we think Richmond has a chance, a good chance, to win.

MEET INGRAHAM, ELKS' FIRST SACKER

Feminine hearts will flutter and the fairest of the fair will once over this introduction with glee. Today we trot out "Swat" Ingraham, local first sacker, for your approval.

It is little use to try to introduce Ingraham to the dolls. He knows them all.

"Swat" Ingraham is a first baseman. It is useless to say he is a good one. He couldn't be anything else and hold down a job with the Elks. But all first sackers are not good pill smashers. Ingraham is. His timely bingles have put more games on ice for the home guards than those of any other member of the local tribe.

We can tell all about this bird and boost him with a clear conscience, inasmuch as he never boosts himself. Ingraham is the rare type of ball-player who believes in letting his performances out there on the diamond be his press agent. So, as we stated, we now take great pleasure in acting as Ingraham's dandy little press agent.

Ingraham's nickname is "Swat." Of course it is natural to assume that he got this moniker through his ability to tear the hide off of the little round white thing. And if you think he can't pole 'em out just keep your eyes on him a few Sundays.

In addition to his hitting, this Ingraham is a bear at fielding his position. When the errors he makes are totaled at the end of the season they are so few you can count them on the fingers of your two hands.

Ingraham is too modest to boost for himself. So you fans boost him a little bit. Consider yourself officially introduced to him now and when you see the old boy making his way through the dense throngs on Macdonald avenue, give him the big once over and a loud "How are yuh, Swat? How are yuh hittin' 'em day?"

LUCE ANGLES FOR BATTLE WITH MODESTO

If plans that Manager Bill Luce have under his hat mature, the Elks will be seen in action on the home lot against the Modesto Reds on Sunday, March 28. Manager Lesher, who pilots the Reds, and who has managed to keep them up over 500 per cent for years, has written to Luce asking for the game. Sir William doesn't know whether March 28 will be an acceptable date for the Reds.

If the home guards play the Stanislaus county hopes, local fans can look for action and be assured that they will get it. The Reds are so fast that they need bar none. At the present time they have a three-game series on with the White Sox.

Philo Mobley, who looms up as one of the best bush hurlers in the state, will undoubtedly pitch for the Reds.

Luce and Lesher will reel off a couple of earfuls of conversational bunk over the phone today in an effort to close the date for the game.

MONTE PHYL IS AFTER JOB ON INFIELD

As the days pass Bill Luce and "Brick" Devereaux continue to get letters from honest-to-goodness ball tossers who want to land jobs here and play Sunday ball with the Elks.

The latest man to make application for a local berth is Monte Pfyl, one of the best first sackers in the business. Pfyl is now residing in Oakland, and in a letter to "Red Dog" Devereaux, king of the honored and ancient order of ball players, big Monte stated he would like nothing better than to cast in his lot with the Richmond team.

As much as he hated to do it, Luce had to wirte to Pfyl and tell him there was no room for him on the local club. "Swat" Ingraham, who jealously anad zealously guards the first sack for Devereaux, is good enough for this team.

It is not saying too much to aver (aver's a new one in our vocabulary, and we are trying it out for the first time- that Pfyl is one of the best first basemen in the country. He has played on several of the Coast League teams and has been up in the big show a couple or three times. He has big league offers now, but Pfyl has business interests in Oakland that demand his constant attention, so he is off organized ball. But he wants to keep his hand in by cavorting for the bush bunch that is the fastest in the state.

Sorry, Monte, but Ingraham and Richmond are 50-50.

IF WE KNEW AS MANY FAMOUS DIAMOND CHARACTERS AS "BRICK" DEVEREALX DOES, WE WOULDN'T LET OLD GHORGE VAN HALTREN HOG ALL THE GLORY BY BREAKING INTO PRINT WITH A STORY OF BASEBAL AS PLAYED BY THE ANCIENTS.

* * *

Experience counts. Notice how some of the local boys who were rated as weak hitters stood up to the plate and looked 'em over Sunday. Devereaux' constant talks on how to bat to get results are having a good effect on some of the boys.

* * *

There will be no game between the Elks and the Chinese team, which is touring this section of the state this spring. Luce got into communication with Al Earle, who is booking the Orientals on the coast, and he learned that the yellow skinned ball tossers have a full spring schedule. They will leave for the East for a summer tour after playing their games with the California and Stanford nines. When the Orientals return in the fall, prior to their departure for home, they will probably tangle with the Elks.

* * *

Bill Luce is up in the air as regards a game with the Minneapolis club of the American Association, which is now training in the south. Luce wrote for a game with the Minnesotans, but has received no answer to his letter.

* * *

You're a dead one as a fan if you fail to pay your five jits to see the session between the Elks and Oaks on Sunday.

"Babe" Reams, the sensational shortstop from Suisun, has announced that he will retire from baseball for the season of 1915. Reams is not enjoying his usual good health. If he is back in shape by next year he will take another shot at the good old diamond game. Reams has played on several of the Coast and Northwest league teams. Reams got his start in Suisun, his home town.

* * *

Bill Luce will never ask "Brick" Devereaux to lay out an infield for him again. Sunday morning "Brick," accompanied by a bunch of fans and Bill Luce, journeyed to the diamond to lay off the infield for the afternoon's game. "Brick" got off to a wonderful start. But the fans persisted in talking to him. He is human. He can't do two things at once and do both well. "What became of Hoozis, who played in the mud flat league twenty years ago?" was a sample of the hundred and one questions that the "Red Dog" had fired at him by interested fans. Then "Brick" went on to explain that Hoozis was dying in an insane asylum, or was up in the big show, or was running an apple farm in Podunk. The old boy answered so many questions and got so interested in the conversational efforts of his friends that he forgot all about the task of laying out the infield, and started on one of his talks about the good old palmy days. The result was that after the captain had spent two hours in an alleged effort to lay out the diamond, Bill Luce had to do the job.

* * *

Frank Gordon, Luce's dependable southpaw twirler, is taking no chance on his arm and his condition. Gordon works out every day and his old soup bone is getting into shape. Francisco is taking off weight. He is itching to get on the mound.
